Camp Program

#1 From Parent-

We wish to express our great appreciation for all you have done to make this a very special summer for our child. We feel so fortunate to have discovered Camp Good Times.

We feel our child has blossomed at Camp. Our child has been so enthusiastic about going every morning for the past seven weeks and has also done a great job of reporting the day's activities. I have been very impressed with your abilities in the times I have been able to hang around at camp.

The directors have done a wonderful job creating a loving and welcoming atmosphere for each and every camper. I know they set the tone and the model for all the good things that happen there. We also have appreciated the openness and flexibility of the environment.

I believe that the camp has helped our child to make great progress in his social interaction skills, and I am sure that our child's teachers will be impressed with how far our child has come over the summer.

Sincerely, The Family

#2 From Camper-

Thank you for helping our group have a great summer! I liked being friends with ... I learned how to be flexible and kept my tone of voice appropriate.

Your Friend

#3 From Camper-

Dear Alex (owner/founder),

I loved camp when you took us swimming. I learned to participate and how to make friends. I don't pace as much as I used to.

Sincerely, Camper

#4 From Camper-

Dear Laurie (owner/founder),

The think that i liked the most was making the ideas for the carnival. I also learned how to play drip-drip drop. I also learned how to go on the moonwalk. Next year you can make camp better by adding more legos.

From, Camper

#5 From Parent-

Camp Good Times provided a very positive developmental experience for our child this summer. The program was tailored to our child's unique needs as a child with PDD. Our child not only did not regress during the summer months, but also actually progressed in many areas of his socialization. He learned how to better communicate and manage his feelings a s made strides in many other areas of his overall socialization and development . I cannot imagine that there would be a program betters suited to meet our child's special needs.

Laurie Smith (owner/founder) and her tam of counselors do a fantastic job of providing a summer program that is both beneficial developmentally, as well as enjoyable for our child. We hope that this program will be available to our child and other child who would benefit from it, in future year to come. Thank you all that you do on behalf of our awesome children in our area.

With Appreciation - the parent.
